Mandriva 2011 RC2: updated isos have been released Mandriva/ROSA Daily Builds

RosaLab already had it, but now a new and smart service started also for Mandriva, called "Mandriva/ROSA Daily Builds".

A special directory where you can find for download and test fresh updated isos, and for evaluate what's going on.

Link:

<http://downloads.rosalab.ru/iso/ROSA.Desktop/Mandriva.Daily/>

Enjoy

:)
