Mandriva 2011 unofficial MIB ISOs ready for download.

Great cooperation between Mandriva / RosaLab and MIB Mandriva International Backports for this newborn 2011 edition!

ISOs images provided with kernel 3.0.3 by MIB ready for download:

From ROSA resources:

From MIB resources:

<http://mirror.pianetalinux.org/MIB/ISOs/2011.0>

<http://mib.pianetalinux.org/MIB/ISOs/2011.0>

You'll find 3 different ISOs:

64bit>

- Mandriva.2011.MIB.x86_64.4.iso

32bit>

- Mandriva.2011.MIB.i586.4.iso
- Mandriva.2011.MIB.PAE.i586.4.iso
- PAE is for 32bit users needing to use more than 3Gb ram

Please note: These are unofficial distro, destined only for testing purposes.
